TO THE HONOURABLE

THE COURT OF DIRECTORS

OF THE

EAST INDIA COMPANY.

HONOURABLE SIRS,

We undertook the Work now submitted to the Public from a persuasion of its utility; and we send it to the Press encouraged by the permission to inscribe it to your Honourable Court, our kind and generous Patrons.

Engaged from early youth in the business of your Home Establishment, especially in the Military branch of it, we naturally feel much interest in matters connected with the Indian Army, and we doubt not that the List which we publish of the Individuals to whom, under wise councils, Great Britain is mainly indebted for the vast extension and stability of her Eastern Empire, will be received by the Public with much approbation.

This List includes the Periods of Service, the Promotions, Retirements, or Deaths, whether in India or in Europe, of nearly Seven Thousand Officers in your Honourable Company's Army, from the Year 1760 to the present time: it has been prepared with minute and untiring research; and no name is inserted, rank appended, nor date stated, the accuracy of which is not sanctioned by Documents of indisputable authority.

Though we may attach undue importance to our unostentatious but elaborate Performance, Your Honourable Court will, we trust, yet deign to accept of this Dedication as a sincere Testimony of Respect for your Public Character, and of Gratitude for many Acts of personal Kindness and Condescension, from

Honourable Sirs,

Your obliged and obedient Servants,

EDWARD DODWELL,
JAMES SAMUEL MILES.

INDIAN ARMY LIST.

BENGAL.

NOTE.

THE Editors particularly desire it to be observed that the Names of Officers in the Bengal Artillery and Engineers, from the year 1760 to 1794, are placed by themselves at the commencement of the Work : from and after that period, they are brought on in the same order with the other Branches of the Service.

The Editors beg to intimate that they have prepared the Bengal Army List up to the year 1794, on the plan of an entire Alphabetical List ; from that time they have adopted the Alphabetical plan only as far as the first letter, deeming it in every respect preferable, after that period, to adhere to the *Seasons of Appointment*, by which means increased facility will be given for tracing and comparing the relative ranks and periods of service of those who have entered the army in the same season.

They beg also to advise their Subscribers that, in the following List, they have invariably adhered, as far as has been practicable, and except where it is otherwise stated, to the date of *Regimental Rank* up to the Rank of Lieut.-Colonel inclusive.

** Where the Corps is not specially stated against each Officer's name, after the year 1794, it is to be concluded that such Officer belongs to the Infantry.
